REACHING FOR THE STARS

Stage hounds reach for the stars.

Ms. Morrison's theater arts class creates a body sculpture to illustrate our theme.

Reach high, for stars lie hidden in your soul. Dream deep, for every dream precedes your goal.

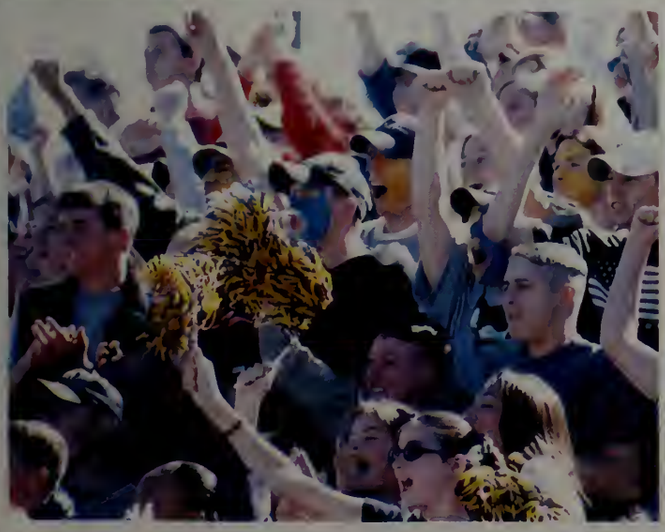
- Pamela Vaull Starr

Although our years at Chicopee Comprehensive are coming to their end, we realize we are only beginning our journey to reach for the stars. To the class of 1998 these years were a special time. The memories of our victories and lessons learned help form the foundation of our dreams. We hope our friendships will continue as we choose our separate paths. We are thankful to our parents and teachers for their guidance and support over the years. We realize that the future, which once seemed so far away, is now within our grasp. Finally we have our chance to follow our dreams and reach for the stars.

Seniors revel in their own kind of stardom.

Reaching up-- students cheer at the sword game.

Student celebrity "stars" include the homecoming court.



Dedication

Jeremy Delphia

Jeremy Delphia is a great guy and an important part of the class of '98. We haven't seen much of Jeremy throughout our four years at Comp. Jeremy has been in and out of school and the hospital fighting cystic fibrosis. Those of us who have known him for many years know that this dedication is well deserved. We know him as someone who is funny, smart, and great to be around. Jeremy, keep reaching for the stars and thanks for being part of the class of 1998.

Jeremy and his best friend Kyle Morin enjoy a New England Patriots game at Foxboro stadium.

Jeremy in his early days playing for the Chicopee Falls Tigers.

Jeremy just chillin' in the library.

Freshman Year '94-95

Our Journey Into High School...

has finally begun, and we're surrounded by a new world which is larger and more crowded than we're used to. This is a year of firsts. We elected our class officers: Mike Lecca (President), Adam Provost (Vice President), Rebecca Budd (Secretary), and Emily Desmarais (Treasurer). Our homecoming princess was Rebecca Budd, and the first "Mr. CCHS" was held. Mr. Pinciak took over for Mr. Kuzdzal. The girls and boys soccer team won their division. We're only on the first leg of our trip, meeting new people, and forming long-lasting friendships. This strange environment is becoming more familiar. Little did we know that more discoveries lay just around the corner...

Is this Freshman year or 3rd grade? Stephanie Hay & Mary Friel.

Strike a pose: Melanie Grabiec, Stephanie Meade, & Emily Demarais.

Look at those baby faces!

Enjoying the fresh Comp. air Jessie Gawron & Sarah Cassidy.

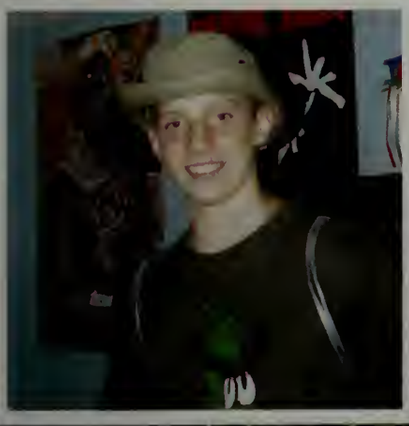
Class History

REACHING FOR THE STARS

Once upon a time...innocent Freshmen (Kelly Thompson & Heather Martin).



Eric Ozga--A rebel starting out.

Locker loungers - Sonia Orozco & Jen Duprat.

Group party in Emily's back yard.

Basketball buddies - Kate Wilkins & Keola Perry.

Blasting OFF

As We Entered Our Sophomore Year

We felt relief at not being Freshmen anymore...

We became more "in the swing of things" and fell into steady routines. We had the same class officers and learned that our class advisors were Mr. Clark and Ms. Wilk. We bought class rings and started to regularly visit places that are now our hangouts: Gawron's & Dean's houses and Nick's back yard. Rebecca Budd was our homecoming princess and the Girl's basketball team beat Chicopee High for the first time in three years. We are now starting to realize what's ahead of us on this trip and beginning to focus on our future goals.

Artie Laflamme.

Friends forever: Melissa Weibel, Sarah Ryczek.

Lost In Space

What up, homies? (Jessica Gawron & Danielle Hebert)

Sophomore Year '95-96

Just clownin' around.

Cuddle up, boys: Brian Page & Ron Couture.

Stopping to Smile.

Shooting For The Stars

Beach blanket Beauties.

Class officers: Rebecca Budd, Mike Lecca, Adam Provost, & Emily Desmarais.

Brianne Sullivan- "Beautiful hair at any cost."

Lisa Lapierre & Theresa Makowicz.

Ms. Wilk & Tony Danelli at the beach

Our junior year came to be a memorable one. We were now known as upperclassmen. Finally!! During this year many of us became mobile-- Scary thought. The football team had a good season even though they lost the sword game. We also got our new gym, along with bigger and sturdier bleachers. We also had some very nontraditional moments. First was when Dan Paquette became a finalist for Homecoming. In the end Beth Croteau was crowned princess. She later stated: "I never thought I fit in until then." Next was our "Un" Prom. The un-prom was held in Ocean Beach, CT where it was hot and sunny, and everyone got a sunburn, including Eric Domingos who "lost" his shirt. Thinking about our Junior year, we can all look back and say it was a year to remember.

Junior Year '96-97

Adam Tetrault & Chris Renaud-
"This is for the cover of G.Q. right?"

Heather Martin, Brooke Cote,
& Sarah Czuchra- "Joined at the hip."

"Becca" Budd & Sonia Orozco are picture perfect.

Jay Jones- "Bustin' a move once again."

Center of attention - Eric Domingos.

Junior girls flirt with the camera.

Senior Year '97-98

Human pyramid ready to tip over.

Mighty Mighty Seniors! (Jill Wahlgren, Tom Dugre, Suzanne Thornton).

Mighty Mighty Seniors! (Jill Wahlgren, Tom Dugre, Suzanne Thornton).

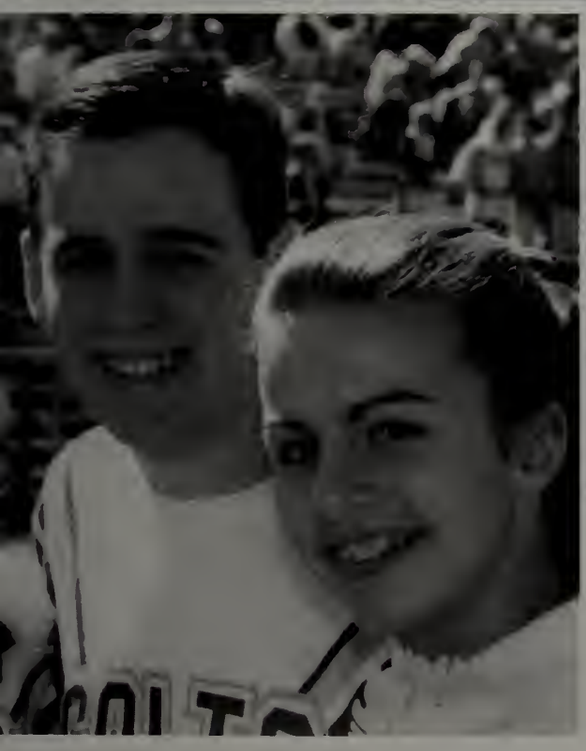
Exploring The Unknown

Dressed to impress in Chemistry: Adam Provost, Jeff Gladu, Stephanie Hay, Kristen Robitaille, & Bill Pagel..

Glaring at the camera- Bill Provost.

Mike Bouchard waving with that typical Mike Bouchard expression on his face.

Just clowning around.



FOUR YEARS AGO...

it seemed like June 12, 1998 would never come, and now all we can do is look back and smile at how we spent our Senior Year. Preston's egg fights and camping out together come to mind. We lost the sword game, the Senior boys won in cheerleading, and the Senior girls kicked butt in football. Adam Provost & Brianne Sullivan were our King & Queen. We managed to survive without Study Halls. Class officers remained the same as all four years with Mike Lecca as Pres., Adam Provost as V.P., Rebecca Budd as Sec., & Emily Desmarais as Tres. Officers & advisers (Mrs. Wilk & Mr. Clark) worked together and gave us a Senior Week we'll never forget. Frolics were the funniest ever, right Seniors?! And although thinking of college was scary & overwhelming, we still made our Senior year the most fantastic ever.

As the class of 1998 we stand proud and our unique spirit will never be forgotten.

"Hey Bri?" Yeah, Dan." You can't do that in Senior Section.
Jason Leblanc, Dan Paquette, Brianne Sullivan, and Jay Valego.

Erin LaBreck and Bill Provost show their love.

REACHING FOR THE

STARS

The sky's the limit

When the class of 1998 first walked through the doors of Chicopee Comprehensive, we had great expectations for our high school years. During these four years, we have taken the first steps in accomplishing our dreams. Both in the classroom and on the playing field, we put in the extra effort necessary. We've beaten SAT's, exams, and even senioritis. We know that our memories and lessons from Chicopee Comprehensive will remain as we reach for the stars.

Senior Gathering: Top: Patrycia Witwicki, Darren Landry, Nate Davis, Bill Pagel, Jeremy Wotton, Seth Tellier. Middle: Kelly Stokes, Christine Rosinski, Elissa Gonzalez, Heather McCann, Mike Viens. Bottom: Donnie Gomez, Adam Provost

REACHING FOR THE

STARS

Underclassmen

As this school year ends, the underclassmen look forward to the new opportunities and chances that await them next year.

The juniors begin to look toward college and their futures as they become seniors. In the upcoming year, they will get their last chance to achieve the goals they set for their years at Comp.

The sophomores will become upperclassmen and face new challenges as they continue to follow their dreams.

The freshmen are only just beginning to realize the opportunities that will await them during their high school years. Next year they will join the sophomores and juniors in their journey to reach the stars.

Sisters Heather and Sara Peloquin bond between classes.

Sophomores Michael Sheehan and Jenna Daigneault- "Aren't you late for class?"

REACHING FOR THE

STARS

Vocational Technology

At Chicopee Comprehensive, we have the option of a traditional college prep program or a vocational program. Students who choose the vocational program have the opportunity to study occupations like Auto Tech, Electrical, Foods, and Carpentry. With the guidance and support of their teachers, these students learn skills which they will use in real life. They are also able to get valuable hands-on experience that many high school students would not have a chance to study. By the time they graduate from Chicopee Comprehensive, vocational students are on their way to achieving their goals and to reaching for the stars in the future.

Melissa Boutilier and Mr. Freitag work hard to fix a car.

Or perhaps you're like Samuel Perez and think vegetables are what's for dinner.

John Provost concentrates as he tightens the wheel's bolt.

Automotive Technology

Auto Tech students are given a basic understanding of the different systems of the automobile such as the braking system, cooling system, lubrication system, tires and wheels, steering and suspension, exhaust system, fuel systems, and basic electrical system diagnosis.

In "line work" students handle the entire process from taking customer information and filling out work orders to doing the final inspection on the vehicle before it is delivered to the customer.

Typical job opportunities include service station manager, general service technician, speciality service technician, diagnostic technician, truck service technician, shop supervisor, service manager, and parts specialist.

Robert Morgan has an uplifting experience.

Ken Henning has his own way of making coffee.

Bruce Hunter, Luis Marques, Andrea Boutilier and Mr. Freitag look into the belly of the beast.

Ryan Hurley and Bill Blanchard work by the book when using the diagnostic computer.

Daniel Cox fixes the brakes of a teacher's car.

Automotive Body Repair

Mr. Augusto shows Jason Woods and Jason Manry the many aspects of an engine.

Auto body students learn the latest techniques in collision repair. They learn all about straightening unibody and sheet metal repair. They also use all of the new Base Coat, Clear Coat paint systems. In theory, Auto Body students learn about all the technical aspects of their trade including the computer and air bag restraint systems.

Student projects include everything from repairing small touch ups to complete paint jobs. They have also rebuilt several total wrecks this year.

Typical job opportunities include auto body apprentice, assembler-body shop, truck re-finisher apprentice, apprentice spray finisher, frame straightener technician, insurance claims adjustor, factory paint representative, shop foreman or body man, shop owner.

Mr. Foy teaches Eric Houle how to paint in even strokes.

Mr. Foy watches as Jason Woods lines up parts of the car.

Mr. Augusto instructs John Picard on how to buff a car.

Jason Alicea learns that he can't paint without the gun being attached to something.

Construction Technology

The 11th and 12th grade students from Construction Technology are aiding in the Mary Street program by stick framing a house from the foundation all the way up to the roof. They are are also installing the vinyl siding.

Besides the Mary Street project, the students are also working on the gazebo for the interior courtyard at Comp.

Upon completion of a house or other city projects, students are ready for work in a variety of related fields. Typical job opportunities include residential carpenter/ painter, mill/cabinet and furniture carpentry, building construction, developer, journeymen in commercial construction, and module prefabricator.

Maybe Tim Lukasik and Mike Jette will be the next Bob Villa and Norm.

Barry Dupuis and Mike Jette work on the Mary St. project.

Jonathan Presto, Chris Hillebrand, Mr. Archambault and Tom Nagle look over some blueprints at the Mary Street house building project.

Jonathan Presto and Scott Godek are trying to insert peg A into slot B.

Tom Nagle and Tim Lukasik level a 2 x 4.

Food Production Management

After the mixing and baking, Nelson Ortiz gets the grueling job of carrying the food.

Students plan and create gourmet food items in a professional, industrial kitchen. These food products are then marketed in our five star dining facility, Compaccinos. Food Production students are also exposed to several off campus catering projects and a multitude of demonstrational labs.

Interesting projects that students are involved in are night function catering parties, multiple menu design projects, holiday display projects, and vegetable and fruit carving displays.

A number of graduates go on to 2 or 4 year colleges for training as chefs and managers.

Typical job opportunities include chef, short order cook, assistant baker, food purchasing agent, caterer, school lunch personnel, kitchen manager, dietician, and general restaurant worker.

Jeremy Galas and Mr. Cerpovicz have the eggs but where's the ham?

Are Jeff Cossaboom and Shaun Comiskey perhaps twins? Nah!

Samuel Perez slices and dices.

Mrs. Kaigle shows Jeremy Olech and Desaray Mercier the art of making a cookie.

Electronics Technology

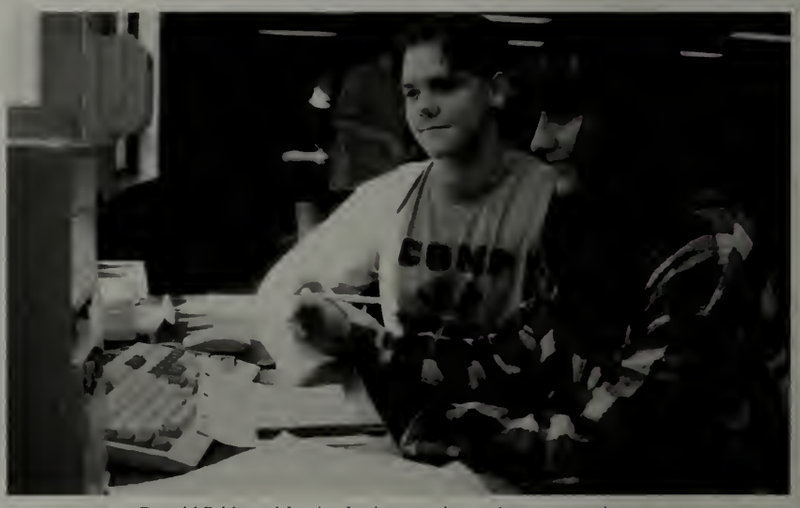
In addition to studying solid state and digital electronics, students were introduced to two new modules this year, computer repair and fiber optics.

For projects, students design and build a power supply, a fiber optics communication link and alarm system, splice fiber and make connections, build an AM-FM radio, and build and test a robot.

Job opportunities that the course can provide are computer repair technician, networking technician, mobile communications, bio-medical/laser/fiber optics, cable television installer, repair of robotics, and car stereo installer.

Jon Ruel helps John Caride in untangling the wires.

Kevin Gould is hard at work learning a computer's anatomy.



Donald Pride and Jessica Larivee work together on an assignment.

Bill Bell shows off car that he built in the Electronics Technology class.

Tiana Vasquez listens as Mr. Ziemba instructs.

Electrical Technology

Chris Patten does repair on a circuit breaker.

The students learn the basics of electrical wiring including residential, commercial, and industrial electricity. Students do wiring with electrical cable and various types of conduit and learn how to wire different types of circuits from switches to motor controls.

The electrical students are wiring the Mary St. project that the Construction Technology class is building. The electrical students will also do various jobs around the school.

Typical job opportunities include electrical apprenticeship, industrial electrician, motor repairman, electrical contractor, cost estimator, telephone and communications work, wiring inspector, and electrical sales and residential.

Thomas Robert enjoys his work as he tries to stuff a pole in the ceiling.

Norberto Luna hammers away.

Mr. Davidson demonstrates to Mark Kokoszyn one of the testing meters used by electricians.

Mr. Aickelin and Andrew Daley have a good chuckle examining some wiring.

Drafting Technology

Drafters prepare technical drawings used by workers who build spacecrafts, industrial machinery, manufactured products, office buildings, bridges and other structures. Drafters prepare and fill-in technical details using drawings, sketches, specifications, and calculations made by engineers, surveyors, architects and scientists. Technical handbooks, tables, computers and calculators will be used in this class.

Projects include construction drawings for the Mary St. project, architectural building layout for the Chicopee Electric Light Department, field surveying of architectural building layout of CCHS on CAD system, and fabrication layouts of Model A car parts.

Typical job opportunities include mechanical draftsperson, CAD draftsperson, Architectural CAD draftsperson, CAD detail draftsperson, and facilities design draftsperson.

Amber Lajeunesse and Michael Palubinski look at the blueprints of a garden.

Pointing out the framework of her dream house is Nancy Hernandez.

Mark Bartosz watches as Mr. Ingram demonstrates the power of static electricity on a computer screen.

Looking in the little house. Why- It's none other than Dan Dube.

Keeping his mind on his studies is Jon Meimerstorf.

Landscape Technology

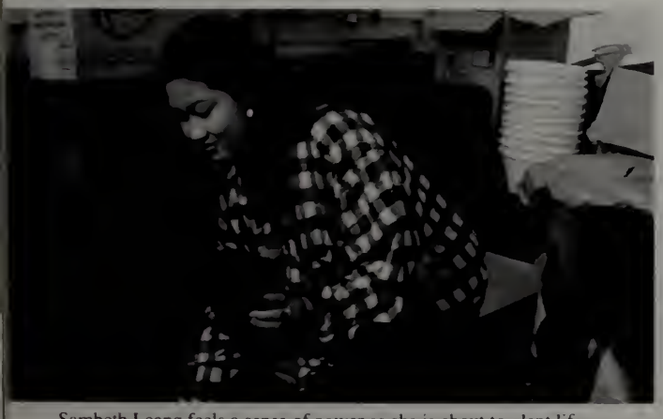
Here is Comp's attempt at a mini rain forest.

The Landscaping Technology program prepares students for a wide variety of occupational opportunities that exist in all fields. Experience in Landscape Design, operation and maintenance is gained on-site, along with off campus experience. Work in the school greenhouse provides learning experiences in plant production. Vegetables grown in the hydrophonics systems are distributed in the school. Students construct flower arrangements in seasons of the year where demand is highest. Additionally, students learn how to maintain and operate equipment used in the landscaping industry.

Typical job opportunities would include greenhouse grower, floral designer, arborist, forest technician, nursery technician, nursery worker, and grounds keeper.

Jason Hilling will be ready to plow the parking lot when it is necessary.

Mr. Mislak shows Tatyana Mateush, and Mark Stafinsky how to start up the mower.



Sambeth Leang feels a sense of power as she is about to plant life.

Robert Caldwell aids David Aldrich in trimming the bushes near the front entrance.

Machine Technology

Students learn basic manufacturing skills then progress through Auto-Cad and Smart-Cam programming. Students learn how to run CNC (computerized numerical control) 3 axis milling center and CNC axis turning center.

Students have made trick bike pegs, grind plates, school logo key chains, shad darts, band logos, chess sets, and steam engines in projects for the course.

Typical job opportunities would include machinists, mold makers, machine shop foremen, toolmakers, diemakers, production control, design engineer, machine operator, quality control specialist, and machine shop manager.

Tim Price watches as thousands of silver strands are created.

Rich Jarmuzewski and Todd Dube look on as machine does its job.

Andy Cote laughs to himself in the computer lab.

David Castro concentrates while typing out the specifications.

Tim Price operates a CAD-CAM machine as Mr. Carroll looks on.

Metal Fabrication/Welding

Mr. Gassnola can really make the sparks fly.

Students learn how to TIG (tungsten inert gas) and MIG (metal inert gas) weld which is used for fabricating cabinets, desk and computers working with a 1/4 cap. They will also work on Ironwork that is capable of punching 1 inch holes in 1/2 inch thick steel.

They were also involved in an interdisciplinary Department project involving the art and drafting classes that created a sculpture out of stainless steel.

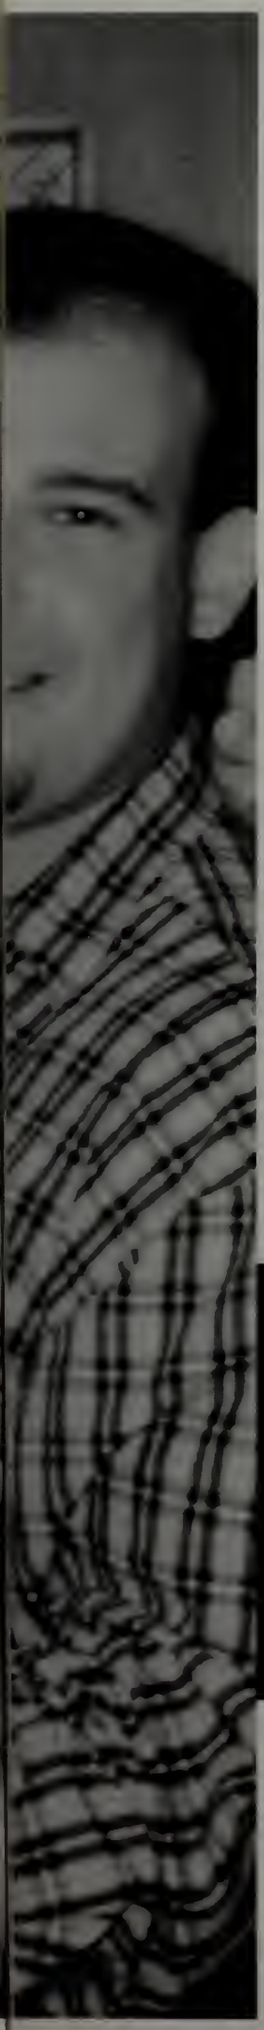
Job opportunities include metal fabricator, iron worker, welder, aero-space worker, welding inspector, laser/plasma technician, estimator, nuclear power repair welder, and underwater welder.

Kent Musiak and Mr. Gassnola use the saying "measure twice, cut once."

It seems that Aaron Cote is experimenting on micronuclear flashes.

Jeff Morrissette measures off a piece of metal for cutting.

Emilio Doanes and John Provost adjust the wheels on a cart.



Faculty

Mr. Schurfeld and Mr. Mendrala use Mr Czaparaowski as a football..

5. What was your most embarrassing moment as a teacher?

- I was wearing a wig (it was 1968) when a boy's pencil got caught in it. The wig was pulled off revealing my tangled mess of hair underneath.

- When reviewing for a test a student passed a note to me indicating that my fly was down. This was made worse by the fact that the zipper was broken- so I had to go to Mrs. Fennessey for a safety pin.

- I stepped into a waste basket.

- I wore two shoes (the same style) but two different colors.

REACHING FOR THE

STARS

SPORTS

Over our past four years at Chicopee Comprehensive, we have spent many hours after school each day practicing on our fields and in our gym and pool. During this time we have enjoyed victories, suffered losses, made friendships, and forged memories that will last a lifetime. As we stepped onto the playing field for our final time, we suddenly realized that we would have one last chance to represent our school and to reach our goals. But we will carry the lessons of dedication, teamwork, and sportsmanship with us on our journey as we continue reaching for the stars. We wish the underclassmen success in the future and hope they fulfill their dreams.

Give it all you got team proves itself again

Just misses out on Super Bowl

by Jessica Fitzgerald

The Comp Colts varsity football team finished off yet another great season with 6-4-1 record giving them an opportunity at another Super Bowl berth. Yet, despite the disappointing finish, the Colts proved that they still had what it took to be the exciting , "give all you've got" team that we look forward to. The team lost 11 seniors, Ron Couture, Chad Gibson, John Bourguignon, Bill Pagel, Chris Blanchard, Mike Bouchard, Dan Paquette, Seth Tellier, Kris Zacharie, Mike Lecca, and Justin LaLiberte.

Congratulations to the JV and freshmen football teams. The JV team finished 5-3 and the freshman 5-2.

Stars of the Team

Sophomore Darion Stanley proved himself to be a star of the team in his first year by leading the team in touchdowns with over 20 and by running for more than 1,200 yards.

John Bourgignon was chosen as the star of the defense because of his great skill and enthusiasm for the game. He had more than ten sacks and was named for the second year in a row to the All-Conference first team.

Cheerleaders strive for the best

Squads earn top awards, trophies

By Melissa Fitzgerald

The 1997-1998 cheerleading season started off with a bang. The varsity and J.V. squads attended NCA camp where the varsity won the Best at Camp top team award and the Superior Award. We continued our season cheering through exciting football and basketball seasons.

Finally, on February 22, our competition season began. The cheerleading squad hosted an exciting Cheer Celebration Competition where both teams performed well, followed by a performance by the UMass co-ed cheer squad. At their first two competitions, the varsity took first place in Co-ed Division and the JV squad took first and third. We attended three more competitions during March where the team anticipated doing well.

Stars of the Team

The stars of the '97-'98 cheerleading squad were the veterans. These people have been on the team for 2-4 years and formed the backbone of the team. They were the leaders, the role models, and teachers for the freshman squad. The veterans were mostly determined, strong and through two making it These seven tough years. truly the most members were of the team. dedicated stars

Soccer team does better than record shows

Make WMass. tournament

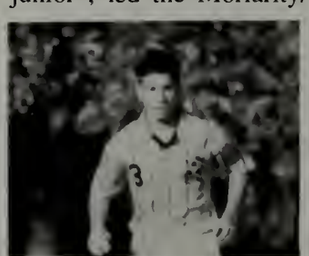
by Jasmin Mastej

The 1997 Comp varsity soccer team ended the season with a 7-5-6 record and made the Western Mass. tournament. While the team and Coach Bill Davis were disappointed with the record, they felt that they did better than that. The team will be losing five seniors.

Coach Davis indicated that the most valuable players were senior Mike Micheli, who was the team's MVP and selected for the All-Western Mass Division II second team, and junior Jeff Deren, who was the team's leading scorer.

Star of the Team

Jeff Deren, a junior , led the Moriarity/Churchill Division scoring with 18 goals and 4 assists. He was also named to the All-Western Mass Division I First Team. He had five multiple goal games. Jeff was also a member of the 1994 state champion AJAC team.



Seniors are (Top) Chris Covington, Brian Bujnicki, Tri-captains Steven Couture, (Bottom) Adam Provost and Michael Micheli.

Comp girls work hard but have unlucky season

Team has 10 freshmen and sophomores

by Kimberly Fontaine

This year's girls' varsity soccer team played hard but had a tough season . Though they did not have many wins, the girls played each game with heart and determination until the final whistle. As co-captain Emily Desmarais said, "This team is a prime example of how unlucky a team can get. We had so much talent and so many close goals and near misses."

The team was young with 10 freshmen and sophomores and is in the process of rebuilding. With a large number of freshmen coming out for soccer this year, Comp was able to have both a freshmen and junior varsity team which will provide future varsity soccer teams with many experienced players.

Finally, the team will miss the four seniors, Rebecca Budd, Amy Cook, Anne Delmonte, and Emily Desmarais.

Becca Budd fights against Holyoke for a loose ball.

Stars of the Team

Senior co-captains Emily Desmarais and Rebecca Budd will be greatly missed next year. Emily played both o ffense and defense and was irreplaceable in either position. Rebecca, an effective and tough defender, usually played in the backfield. Both girls gave 100% and were strong contributors to their team.

Girls cross country displays teamwork

Working together made a difference

by Chrysanthe Courniotes

The girls' cross country team finished their season with a 4-8 record beating Westfield, Central, Holyoke, and Sci-Tech. Even though these girls didn't win a lot of meets, they were optimistic about their results and seemed like a team which worked well together.

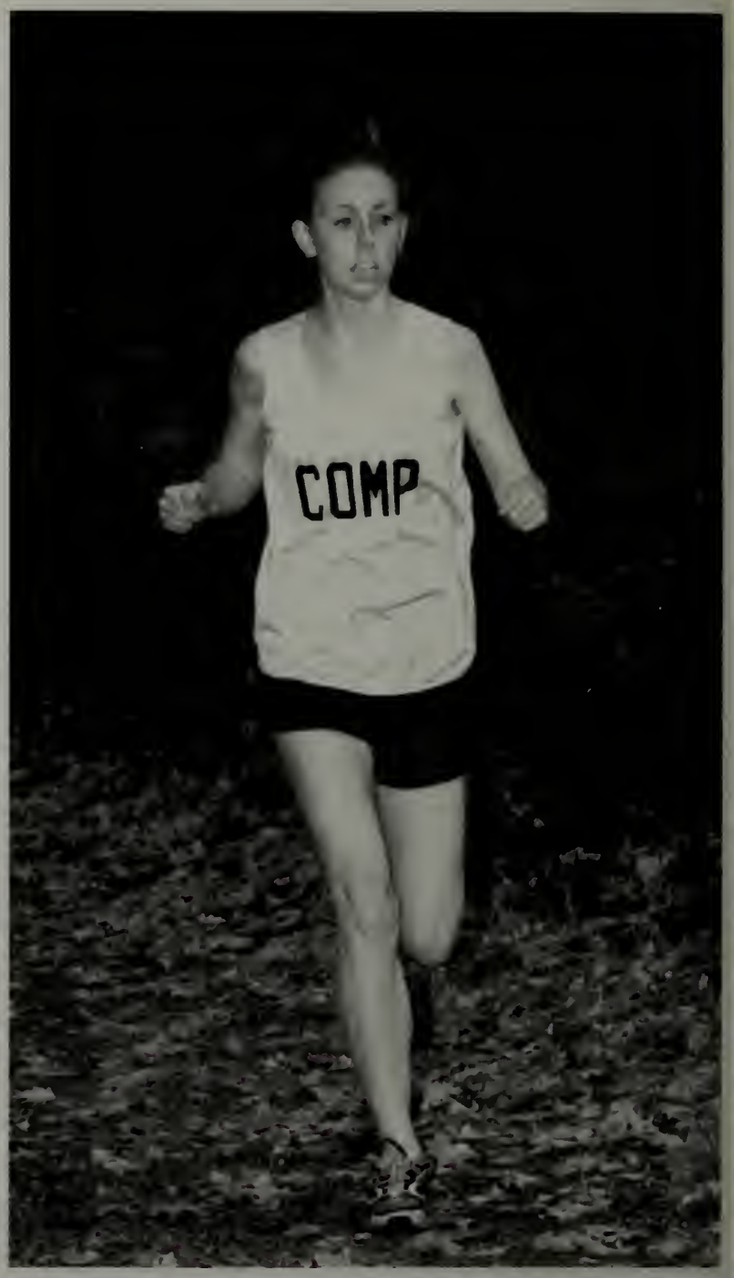
Angela Koziol said, "This year we had a great team that worked together and helped each other out. That's the best kind of a team to have." Captain Steph Meade stated, "The girls were great, we tried hard, and had so much fun. It was an awesome season."

As the season progressed, newcomers improved on their times and the future of the team seems good.

Star of the Team

The star of this year's team was sophomore Angela Koziol. Coach Neil Martell said, "Angela is a runner with great potential. She finishes in first place consistently and she could become one of the top runners in Western Mass. in the years to come." Angela has shown that practice makes perfect because she attended all practices and runs during her free time. Her teammates all said that she was a great team player with a lot of potential.

Angela said, "I try my best at every meet and that I would love other girls to join the girls' cross country team because it is a great sport to be involved in."



Captain Stephanie Meade races home.

Kelly Hogan charges home.

Jill Pare beats the opponent.

Sara Peloquin meets her goal.

Dayna Ferreira gives one hundred percent.

Jen Clark and Liz Delmonte team up to reach the finish line.

X-Country team ends season in good spirits

Top five runners qualify for Western Mass.

by Russ Authier

This year's boys' cross country team finished the season in good spirits despite a record of 2-9.

The team's rebuilding season helped them to defeat Central and Sci-Tech. All members worked hard throughout and improved a great amount. Also, the top five runners of the team, co-captains Joe Jubinville and Scott Paul, Matt Carney, Jared Pare, and Chris Guyette qualified to run in the varsity race of the Western Mass. Boys' Cross Country meet.

Under the direction of their patient and hard-working coach, Roger Bowden, the returnees are looking forward to a great season next year. The team lost only one senior, Paul.

Stars of the Team

Senior Scott Paul and sophomore Joe Jubinville are chosen as stars of the team. Coach Roger Bowden said, " They both worked extremely hard and showed a lot of determination throughout the whole year."

Joe Jubinville

Scott Paul

" Joe looks like the next of a long line of good runners at Comp," explained Bowden. Scott Paul " is the kind of athlete that every team likes to have. He's totally dedicated and always gives 100%."

"Is it over yet?" asks sophomore Justin Beaudry.

Golf team undergoes bittersweet season

Greg Fulsom captures WMass title

by Tom Dugre

The golf team had a bittersweet season. They started off quickly but then went into a mid-season slump finishing with a 8-10-2 card. The bitter part of the season was not qualifying for the Western Mass tournament.

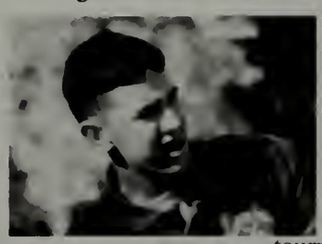
Seniors Nick Martineau, Eric Domingos, and Junior Greg Folsom stood out by shooting average rounds of 41 or better.

Coach Bill Dobecki said, "The sweet part of the season was when Fulsom won the Western Mass individual title. This was the first time any Comp golfer has ever won the prestigious championship." Dobiecki added, "The team had a good season and I'm proud of them."

Domingos said, "I enjoyed myself because it was fun and a great experience. I hope to take all the experience I have gained and use it when I play in college."

Star of the Team

Greg Fulsom had a great season. He shot a 74 to win the Western Mass. individual title. Fulsom said, "It was nice being the first Comp golfer to win Western Mass." The only disappointment he had about the season was the team not being able to make the Western Mass team tournament. He can't wait until next year to defend his championship.



Eric Domingos wonders where his ball went.

"It's all in the wrist," thinks Billy Skinner.

Matt Huard lines up his shot.

Hard work improves gymnastics record

Squad split promotes effort

by Angela Oyola

The Comp gymnastics team finished the season with an outstanding 5-5 record. Compared to the previous season's record of 0-10, this year was a great improvement and accomplishment for the team. The team started with 30 participants and 26 lasted until the end of the season. It was difficult for everyone to compete with so many team members so the coaches decided to set up two separate squads so that everyone was able to participate. This system proved to work out rather well and it, in a way, pushed everyone to work a little bit harder.

We were a team full of strong, dedicated and high-spirited individuals and hope that everyone will return next year.

Stars of the Team

Throughout the gymnastics season, there were three girls, Darlene Darcy, Judy Hamelin, and Melissa Suidak, who brought inspiration, dedication and togetherness to the team. Since grade school Darlene Darcy has dedicated herself to gymnastics. Judy Hamelin and Melissa Suidak both started their gymnastics careers as freshmen. Each one has been a member of the team since their freshman year. They, along with the other members of the team, went to the Western Mass. sectional meet. Although they didn't place individually, they helped the team to a sixth place finish. Overall, they were a great asset to the team and their efforts showed throughout the season.

Determination, spirit keys to varsity season

JV team features unity, talent

By Jessica Fitzgerald

The 1997-98 basketball season was very exciting despite the 5-15 record of the varsity. The Colts played with great determination, high spirits, enthusiasm and love for the game. The squad grew as a team and improved every time they played. Whether it was Louis Villalongo's breakaways, Bobby Pluta's rebounds and great defense, or newcomer Curt Kosirog's talent, the Colts kept the crowds coming to every game.

The junior varsity also had a great season finishing with an 8-12 record. Team unity and talent kept the JV team going, along with the desire to strive for their best.

Star of the Team

Every time you walked into the gym during a boys' basketball game, you could always find Louis Villalongo showing what the game of basketball was all about. He led the team with points, 279, and he had over 100 rebounds for the season. he averaged 14 points a game.

Leadership, teamwork lead team to success

Captains carried team to Wmass tourney

By Chrysanthe Courniotes

The girls' varsity team finished 9-10, their best regular season record in a decade and made it to the WMass tourney for the first time since 1988. Leadership and teamwork brought them success. Sara Breault said, "I think making the tournament had a lot to do with the leaders on the team and their motivation to make it to the tournament."

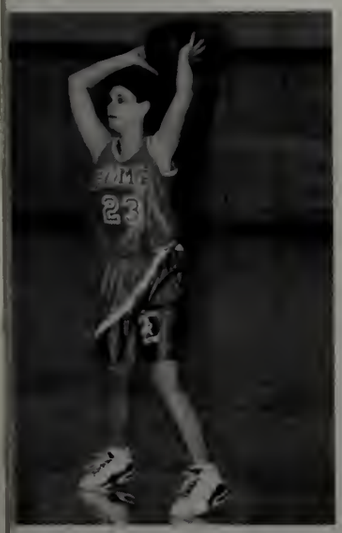
Senior captain Emily Desmarais explained, " This season has been the best ever, not only because of our accomplishments, but also because of our team unity."

Coach Joan Boratis was very impressed not only by her team but also by the efforts of the JV team which finished with 15 wins. Boratis said, "It was a very satisfying season. The seniors led the team with a lot of hard work. The team improved throughout the season and the underclassmen have a lot of potential."

Junior Teneille Hill (11) dribbles past her defender.

Star of the Team

Emily Desmarais is not only a star in her athletic abilities but also in her leadership skills and attitude that she brought to the team for the past four years. Coach Boratis said, "Emily has consistently demonstrated outstanding skill, desire, and sportsmanship throughout her high school years. "This season was satisfying as she led the team to a second place finish, a tournament appearance and became only the fourth girl in Comp history to break the 1,000 point barrier.



Senior Kate Wilkins (23) looks to make a pass.

Sophomore Jill Pare (40) goes hard to the basket while teammate Kara Rege (33) looks on.

Swimmers conclude spectacular season

Set nine of eleven new records

By Stefanie Dahill

This year's girls' swim team had a spectacular season finishing 12-3. For the first time ever, the ladies were included on a brand new record board. Nine of the eleven records are held by present team members Andrea Boutilier, Stefanie Dahill, Dayna Ferreira, Jen Larose, Kate McLean, and Beth Novak.

McLean clocked the fastest time in Western Mass in the 50 free while Novak had the second fastest times in the 200 and 500 freestyles. The 200 and 400 freestyle relays were the fastest in western Mass. at the end of the dual meet season.

The three captains, Jen McLean, Heather Renaud and myself would like to wish the team the best of luck and "May the power of the Sacred Swimming Sponge be with you."

Star of the Team

Beth Novak, a sophomore, achieved many of her personal goals and helped the team tremendously this season. Beth swam a 2:02.23 in the 200 freestyle and a 5:25.96 in the 500 freestyle. At Western Mass, she finished 3rd and 5th in those events. Not only was Beth excellent in her swimming abilities, but she also had an incredible amount of team spirit.

Colts rebuild for the future

By Amber Ryals

With two returning members, the swim team had a rebuilding year. "We did really well and I am proud of our performance," said Captain Robert Barabani. "The new members did really well for their first year of swimming."

Ricky Gadoury gave a thumbs up sign for the season. "Lamont Westley had a great season by helping the team just as much as everyone else even though he goes to Horizon Academy." Westley joined the Comp swim team because Horizon did not have a team.

"With the freshmen talent we've got and the hopes of even more next year, we only got one place to go... and that's up," stated Barabani.

Stars of the Team

Robert Barabani and Lamont Westley took the Colts to the state meet where they compiled all of the 13 points earned by Comp swimmers. Barabani, a three year veteran of the team, qualified for the WMass meet in the 100 yard backstroke. He also qualified for the state meet where he finished 12th. Westley, qualified in his events for both the state and WMass meets.

Hockey team takes Wright Division Title

Win thrilling WMass tourney game

By Jasmin Mastej

The hockey team finished with a 13-4-3 record and a second consecutive Wright Division championship and a thrilling 3-1 victory over East Longmeadow in the Western Mass tournament. Mark Donnelly had a sensational season in goal with eight shutouts, a 1.75 goals against average, and a .932 save percentage. Mike Viens, Brendan Mercure, Scott Martin, and Mike Abbott all finished in the Top 10 in league scoring.

Coach Roger Bowden said, "This team displayed a greater work ethic and demonstrated a more profound sense of sportsmanship than any team in recent memory. I am proud, and the players should be proud of what we have accomplished as well as by the manner in which we have achieved it."

Stars of the Team

Captains Mike Viens and Luke Delaney are the stars of the team. Mike led all scorers with 19 goals and 37 points during the regular season and set a new Comp career record with 157 points. Delaney led a solid defense which allowed only 35 goals in 20 games.

Skiers gain valuable experience during year

Girls team doubles membership

"The season was good, a learning experience for the underclassmen," said Seth Tellier. Steve Couture made it to the individuals and was ranked 26th in the B Division.

"It was a learning experience for both the upperclassmen and the new members of the team. Some of us got a taste of leadership and learned how to be good role models. I have a very hopeful outlook for the girls' ski team, whose membership almost doubled this season. We have many good skiers and the team next year should be excellent. Upcoming star skiers could be Mandy Roberts, Andrea Paul, and Jess Mykytiuk , who were all newcomers this season," explained Danielle Brouillette.

Star of the Team

Steve Couture qualified for the state meet by finishing in the Top 30 of all skiers in all of the races during the regular season. Steve also placed sixth overall in the B Division of the Western Mass ski league. During the Individual Meet, he set a personal record of 37 seconds in the slalom.

Stars of the Stage

Drama Club

Although as President it may seem that I have a position of seniority, this is not really the case. The other officers are of equal importance. I act mainly as a coordinator, act as the club's liason, and make sure that whatever needs to be done, gets done. The other officers, Amber Ryals, Erica Burns, and Lisa Lapierre are especially hard working, and I am proud not only to be their fellow officer, but their friend. Thanks guys! The Drama club has done much for me. I've gained confidence, friends, and many happy memories. I wanted to be President to help new members do the same. I wish the members I leave behind lots of luck and as much fun as I had. I would like to thank Ms. Field. Without her time, patience, and dedication, we would have nothing. - Heather Dilks

As Drama Club Vice President, I organize field trips. I decide where we go and arrange transportation. I also keep the club history. We have a lot of fun. The four officers get along well which is an added bonus. We can communicate easier and voice our opinions without feeling intimidated. I have enjoyed the club and encourage people to join. Stagefright is only a state of mind and easy to get over. Ms. Field is a Saint! She has a lot of patience. I have a great deal of respect for her, and I'll take the lessons she has taught me on to college. - Amber Ryals

Being the treasurer of the drama club leaves me with a lot of responsibilities. I organize fundraisers and work with the Vice President on field trips. Without Ms. Field, our advisor, we would be lost. She guides us in more ways than one. I hope people will try drama and enjoy all the opportunities it offers. I thank everyone and wish all present and future members good luck in all they do. - Lisa Lapierre

Tabbatha Lafleur better watch out because the kitten, Allison Lapierre has claws.

Officers 1st Row: Vice-President Amber Ryals, President Heather Dilks. 2nd Row: Secretary Erica Burns, Advisor Moonyean Field, Treasurer Lisa Lapierre.

Katelyn Woytych - a star is born.

Stephen Moreau - stretching for self-mocking realization..

Journalism

What to say about journalism? It's not easy, and that's meant in every aspect of the word. It takes work to put out an issue of the Chronicle. We are coming up with ideas for stories, interviewing people for the story, writing the story, placing the stories on the page, doing page make up for the issue, and writing the headline. Sounds easy? Not exactly. Now that the study halls are gone it takes a lot more time to do. During study halls, you could take time to do the interview, write the story, type the story, or work on writing a headline. This is true for class, but now instead of 90 minutes to do everything there's only 45.

Everything done for the paper requires patience. And having patience is difficult because what sounds good to you sounds bad to others. Also, you need to have patience during an interview, because when you're looking for someone and you can't find them, it can get frustrating.

Writing headlines is not exactly our favorite part of the class. You have to take the following into consideration when you're writing a headline: size counts and style. Size counts means you can only have so many words and letters for the headline to fit. Finding synonyms for words can be worse because they'll be bigger or smaller than the original word.

What really gets hectic is our last issue, the Senior Issue. There is a lot that needs to get done. Most seniors in the class write stories; seniors type wills depending on how time consuming it is. All in all even though we do have work to do, we do have fun. The atmosphere is the classroom is great. You just have to want to work and want to learn.

- Amber Ryals and Theresa Makowiz

1st row: Samantha Little Creek, Laurie Czuchra, Sarah Knowles, Caitlin Lord, Corinne Dumont, Bridget Dore, Heather Walczak.
2nd row: Suzanne Desilets, Heather Dilks, Tom Dugre, Gina Regonini, Chris Blanchard, Melanie Grabiec, Melanie Vient, Theresa Makowicz, Amber Ryals, Advisor Walter Stachura.
3rd row: Laura Polchlopek, Beth Croteau, Bill Provost, Kate Donnelly, Jason Slachetka, Jeremy Hartbarger.

Chris Blanchard works hard to get that story typed.

Jason Slachetka proof reads Jeremy Hartbarger's article.

Melanie, Chris, & Gina are satisfied with their work in the paper.

Wait! Someone explain what's going on!- Amber tries to help everyone get their copies of the Comp Chronicle.

Heather, Melanie, and Jay read their masterpieces in the first issue of the '97-98 Chronicle.

Journalism Close Up

Close-up on Kate Donnelly who works hard and quickly to get the story in under deadline. Kate is a first year Chronicle writer who was especially proud of her story in the December issue.

Melanie Vient helps Beth get the work done. Melanie and Beth are first year Chronicle reporters.

In between socializing with friends and working on the Chronicle, Amber Ryals mangages to get her homework done with help from her buddy Theresa Makawicz. Amber is a 2nd year Chronicle member who is on the editorial board. Theresa has worked on the Chronicle for 3 years and is also on the editorial board.

Yearbook

Being a member of the yearbook staff requires a lot of hard work and dedication. We spend many hours after school working to perfect each page. This involves creating page layouts, taking the photos, writing headlines & copy, and checking the proofs. No matter how long it takes us, we always manage to meet the deadline, but we could never do it without the help of Mr. Brown & Mr. Stachura. We enjoy putting together a book that you can flip through and remember these special moments here at Comp. After everything, we have come to realize it is all worth it.

- Sarah Fitzgerald

Mr. Brown would like to give special **thanks** to Amber Ryals, Danielle Gazielle, Kerriane Kalbko, Heather Carroll, Jessica James, Tabbatha Lafleur, Rose Owen, Karen Geung, Laura Allen, Allison Dahill, Richard Hurley, Jamie Pirog, Kim Such, Mary Moran, Jen Lempke, Sarah Fitzgerald, Beth Croteau, Stephanie Hay, Brianne Sullivan, Melanie Grabiec, & Melissa Beaudry.

Mr. Stachura would like to give special **thanks** to Sarah Knowles, Corinne Dumont, Heather Walczyk, Tami Paquette, Allison LaPierre, Stephen Moreau, Jessica Muche, Sara Peloquin, Melissa Fitzgerald, Kim Fontaine, Kate McClean, Jessica Fitzgerald, Jasmin Mastej, Russ Authier, Tom Dugre, Chrysanthe Courniotes, Kim Fontaine, Dayle Cushing, Elissa Gonzalez, Christine, Heather McCann, Stefanie Dahill, Kerriane Kalbko, and Erin LaBreck.

SOMETHING FOR EVERYONE

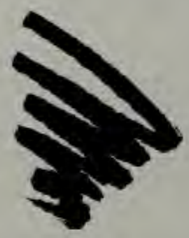
No matter who you are or what your goals are there are opportunities here at Comp that are right for you. Not many high schools offer the variety of classes that we have here. We could not even begin to show them all here in these pages on classes-- you will also need

to turn to the vocational section of this yearbook. Remember that long tangle of halls from Business class to the computer lab in 506? Well, opportunities wait for those who speed-walk!

Looking forward-- one minute left to class.

CLASSES

Kellie D'Amour is extremely proud of her art project.



MMMmmm! Everybody loves apple pie.

Jen Wilson & Jill Stevens prove that biology can be fun!

Matt Shea & Jay Slachetka look amused at their Chemistry project.

FRIENDS

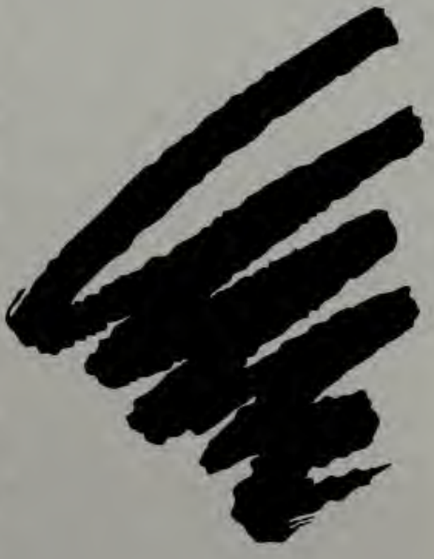
Now these are some girls with power.

You guys aren't smiling because this is your last year at Comp, are you?

Nicole Brouillette & Eric Beaudry show off thier new matching shirts!

O.K. O.K.! You're right, Seniors rule the school! (Christine Rosinski & Keola Perry).

Bad news- freshmen lost in the halls of Comp. Good news- they're kinda cute.



Friends

What is a friend?

A friend is someone who...
is always there for you
you can trust
you can always lean on
won't let you down
will never forget you
you will never forget
believes in you
will change your life forever
cheers you up when you are down
shares your memories, the good and the bad
you can laugh with, and
you can cry with.

Matt Putnam & Bob Barabani show that they are not impressed with Nelson Rodriguez's slick new dance moves.

Senior girls show school spirit and the spirit of friendship.

Women to be reckoned with-- Mary Moran & Sue Desilets.

Don't worry Freshmen, one day you'll rule the school!

Jen Clark and Chrysanthe Courniotes- study buddies.

Jon Poulis & Sean Turconi show that friends have to stick together to pass Biology.

Back In The Day - Senior guys having a sleepover.

Seniors Jill Wahlgren & Suzanne Thornton tell their Sophomore buddy, Jessica Muche, about being a Senior.

Couples

Kara Rege and Brian Bujnicki are stuck on each other.
